**Thinking Ahead - Advance Care Planning Discussion**

**Advance Care Planning Tool v 1**

**GSF Advance Care Planning Discussion Paper**

*We wish to be able to provide the best care possible for all people/individuals, but to do this we need to know more about what is important to them and what are their needs and preferences for the future.*

The aim of any discussion about thinking ahead, often called an Advance Care Planning Discussion, is to develop a better understanding and recording of their priorities, needs and preferences and those of their families/carers. This should support planning and provision of care, and enable better planning ahead to best meet these needs. This philosophy of ‘hoping for the best but preparing for the worst’ enables a more proactive approach, and ensures that it is more likely that the right thing happens at the right time.

This example of an Advance Statement should be used as guide, to record what the person DOES WISH to happen, to inform planning of care. In line with the new Mental Capacity Act, this is different from a legally binding refusal of specific treatments, or what a patient DOES NOT wish to happen, which is called an Advance Decision (sometimes previously called a Living Will).

Ideally an Advance Care Plan should be discussed to inform future care at an early stage. Due to the sensitivity of some of these issues, some may not wish to answer them all, or may quite rightly wish to review and reconsider their decisions later. This is a ‘dynamic’ planning document to be adapted and reviewed as needed and is in addition to Advanced Directives, Do Not Resuscitate plan, or other legal document.

Thinking Ahead - Advance Care Planning Discussion

Thinking ahead….

1. At this time in your life what is it that makes you happy or is important to you?

2. What elements of care are important to you and what would you like to happen in future?

3. What would you **NOT** want to happen? Is there anything that you worry about or fear happening?

4. **Do you have a Living Will or Legal Advanced Decision document?** *(This is in keeping with the new Mental Capacity Act and enables people to make decisions that will be useful if at some future stage they can no longer express their views themselves)*  
   *No / Yes*  
   *If yes please give details (eg who has a copy?)*

5. **Proxy / next of kin**
   
   Who else would you like to be involved if it ever becomes difficult for you to make decisions or if there was an emergency? Do they have official Lasting Power of Attorney (LPoA)?

   Contact 1 ......................................................... Tel...........................................  
   LPoA Y / N

   Contact 2 ......................................................... Tel...........................................  
   LPoA Y / N

6. **Preferred place of care**

   If your condition deteriorates where would you most like to be cared for?
