

NHS Five Year Forward View

1. Closing the health and wellbeing gap. 2. Driving transformation to close the care and quality gap. 3. Closing the finance and efficiency gap.

- GP Forward View**
- Improving access;
 - Supporting workforce & managing workload ;
 - Developing the primary care estate, investing in technology.

- Mental Health Forward View**
- 7 day NHS;
 - integrating mental and physical health;
 - promoting good mental health;

- Transforming Cancer Services**
- Implementing Cancer Taskforce Report;
 - achieving earlier diagnosis;
 - supporting people living with and beyond cancer.

National Priorities

- Implement STP milestones and trajectories;
- Deliver financial system control;
- Implement GP Forward View;
- Implement urgent & emergency care plan;
- Meet Referral to Treatment times;
- Implement Cancer Five Year Forward View;
- Implement Mental Health Forward View;
- Learning Disabilities : deliver Transforming Care plans and enhanced community provision;
- Improve quality.

Sustainability & Transformation Plan

“ ...people across Suffolk and North East Essex live healthier, happier lives by having greater choice, control and responsibility for their health and wellbeing.”

Self-care & independence, and community-based care

- Community safety & prevention;**
 - Empowering people to take responsibility for their own wellbeing;
 - Building personal and social resilience for vulnerable people and their families;
 - Delivering health and care services in the community and working with the local community to support people before they tip into a crisis
- Moving care from hospitals to neighbourhood and community locations.
- Integrated out-of-hospital care;**
 - Proactively identifying and supporting people at risk whilst removing duplication of assessments and care planning and multiple access points;
- Mentally healthy communities;**
 - Supporting people with mental health problems and learning difficulties who have a lower life expectancy and health outcomes than the general population.
- Primary care transformation:**
 - Supporting practices and primary care providers, ensuring General Practice is fit for purpose and sustainable in the future to meet population needs.

Hospital reconfiguration and transformation

- New models of care;**
 - Local hospitals working with community, social care, mental health and primary care partners to design two “Accountable Care Organisations” to transform outcomes for patients. Care will be based around localities and neighbourhoods, rather than around organisations;
- Improving care pathways;**
 - Patients receiving the best clinical outcomes and high level of satisfaction, ensuring that services are sustainable and follow best evidence.
- Hospital partnerships.**
 - Ipswich and Colchester hospitals working together to review partnership opportunities.

Collaborative working across the system

- Managed care;**
 - Managing demand for services in a consistent and safe way that optimises use of resources, and encourages patients and the public to take responsibility for their own wellbeing, and make wise choices when accessing care.
- Strategic commissioning & assurance;**
 - Developing and implementing a shared and consistent commissioning and contracting approach, exploring options for future models for commissioning.
- Business support functions.**
 - Reviewing current working arrangements and the identification of collaborative opportunities.

£ Achieving system-wide financial balance

CCG clinical priorities

- Develop clinical leadership;
- Demonstrate excellence in patient experience and patient engagement;
- Improve the health and care of older people;
- Improve access to mental health services;
- Improve health and wellbeing through partnership working;
- Deliver financial sustainability through quality improvement.

Suffolk Health & Wellbeing Strategy

- Every child has the best start in life
- Improving independent life for people with physical and learning disabilities
- Older people in Suffolk have a good quality of life
- People in Suffolk have the opportunity to improve their mental health and wellbeing
