### Access to EoL care drugs out of hours

Suffolk GP Federation provides a 24/7 pandemic home visiting service. GPs working for the Federation have access to a full range of EoL care drugs from the Federation bases (including giving sets and needles). These stocks are used out of hours, and then a prescription is provided for further EoL care drugs to be dispensed at a community pharmacy or dispensing doctor practice as needed. In an extreme situation, where an urgently needed EoL care drug is not available out of hours from a Federation base, the Federation on-call manager would make arrangements to access the drug (or an alternative) from another source.
